

## UI

The user should be able to turn on or off the visibility of the 'Last value' column in Problems widget:

and Problem view filter:

New column "Last value" should be shown in Problem view and Problem widget, this column must contain the string corresponding to the trigger expression:

{ITEM.LASTVALUE1}, {ITEM.LASTVALUEX}, {ITEM.LASTVALUEY}

Where X, Y...- index of the next not repeated item in the trigger expression:

	Problem ▲	Last value	Duration	Ack
epbep	<a href="#">Not much space left on /home</a>	4.46 GB, <a href="#">56.37 GB</a>	10m 10s	No
epbep	<a href="#">Zabbix discoverer processes more than 75% busy</a>		1d 2h 46m	No

On each item value click: a tooltip will be displayed with an item name, value and timestamp of this item. This tooltip should also contain a link to simple graph or history (for text items):

Item name	Last value	Last check	
Free disk space on /home	44.45 GB	2018-11-23 11:24:18	<a href="#">Graph</a>

Item name	Last value	Last check	
Total disk space on /home	56.37 GB	2018-11-23 11:24:18	<a href="#">Graph</a>

Items values older than ZBX\_HISTORY\_PERIOD (include/defines.inc.php) should not be shown, use "\*\*UNKNOWN\*\*" instead.
